

# Important Notice

The new play area is being installed in the Village Field from **Tuesday 14<sup>th</sup> November** for approximately 3-5 days.

During this period there will be large machinery on the field and in the Hall carpark.

The area that is being built on will be fenced off; we ask that you ***please take extra care*** and keep dogs and children away from the area during this time.

We hope it does not cause too much disruption; however, we do expect it to generate more mud than usual on the field. Please bear with us as we make these exciting improvements.

Many thanks

The Play Area Working Group

On behalf of the Village Hall Committee
